Summary

The STOC is pleased to report to the citizens of Tulsa that voted projects have either been completed as promised, are in the process of being completed, or are awaiting the availability of funds prior to beginning the project. In a few cases, the voted project has been eliminated or materially changed. The Committee is satisfied that the changes were prompted by valid engineering, budgetary or regulatory reasons not known when the project was presented to the electorate and, in each such case, those monies were appropriated to a similar project. All such changes have been approved by the Mayor and/or City Council as required by the relevant ordinances.
